

TO ONE ANOTHER

Association of the Dostie Families

<http://www.famillesdostie.org>

To all Dostie's, from here and elsewhere,

We invite you to be part of the household of the family Dostie. Since we have a common ancestor at least original, Pierre de Bellot said Dostie, our history is also yours. On the website of the association, you will find historical information, photos of the site said Dostie at the foot of the mountain that bears his name, located Audet, Quebec, and celebrities who have connections with our family.

We organize annual reunions where humor and history go hand in hand. We even have a book that tells the story of our ancestor. At our last meeting, we tasted some dishes of their region of origin in France (Agen) and experienced the "spit core prune" fruit and game emblematic of the region.

To continue, we need you and your support to give roots to our grandchildren and great-grandchildren. How to find and walk if we do not know where we come from? In a society where the family is struggling to survive, give them one of their original, steady as a rock. "To one Another" as the coin passes from one generation to another since Pierre de Bellot said Dostie, our ancestor. Be family, join the association \$ 20 for membership is an investment in what we are.

The pleasure to meet in joy and proverbial Dostie's good humor
